Warnings & Recommendation

1. The fund has specific investment in healthcare sector fund, so it may has risk and price volatility higher than general mutual funds with diversification in several industries. Investors should study the healthcare sector information for investment decisions.
2. The foreign funds and ETFs may not have hedging policy against foreign exchange rate, they may get impact from the change of foreign currency exchange rate.
3. The fund may invest in derivatives for hedging purpose upon fund manager’s judgment in the future. So the fund has exchange rate risk.
4. The Management Company reserves the right to reject or halt the subscription order, allocation and/or transferring of investment units directly or indirectly for US citizens.
