Investment Policy

The fund shall invest at least 80% of its NAV in stocks, which have good fundamental value and/or stable and/or high potential growth, listed in the SET Total Return Index (SET TRI) and/or mai and mainly aim to invest in stocks of small and medium-sized companies. The remaining shall invest in other financial instruments, debt instruments, and/or deposits or other securities or assets as stated or approved by the Office of Securities and Exchange Commission.

To clarify, small and medium-sized companies mean the companies that are listed in the SET Total Return Index (SET TRI) and/or mai and have market capitalization not exceeding 80,000 million baht at the day before investment date. However, in the future, if the companies’ market capitalizations have grown larger than 80,000 million baht, the Management Company reserves all the rights to hold that stocks without violating the investment policy. Moreover, the Management Company reserves all the rights to change the investment policy about market capitalization in order to match with the market conditions. For example, if the overall market conditions grow, the Management Company might adjust up market capitalization criteria, and vice versa.
