Investment Policy

The fund shall invest in property funds, REITs, infrastructure funds and/or property sector or infrastructure related securities, on average in an accounting year, at least 80% of its NAV. In addition, the fund may invest in foreign securities or assets of not exceeding 20% of its NAV.

The fund may invest in derivatives for efficient portfolio management purpose and hedging purpose. The fund may invest in derivatives with the objective to reduce risks from changes in stock prices, prevent risks arising from the volatility of the stock market or when the stock market is likely to decline or adjust the proportion of investments in equities.

In the event that the fund invests in foreign securities or assets, the fund will invest in derivatives for hedging purpose, depending on the discretion of the management company.

Fees and Expenses

Warnings & Recommendation

1. Investment contains some degree of risks. The investor should study the fund’s prospectus before investing.
2. The fund has specific investment in property sector and/or infrastructure, so it may has risk and price volatility higher than general mutual funds with diversification in several industries. Investors should study the property sector and/or infrastructure information for investment decisions.
3. The fund does not have fully hedging policy against foreign exchange rate, therefore, it may have opportunity loss or receive additional gain from a decrease or an increase in foreign exchange rate and investors may receive redemption proceeds less than their initial investment amount.
4. The Management Company reserves the right to reject or halt the subscription order, allocation and/or transferring of investment units directly or indirectly for US citizens.
